The products are right,
the timing is
perfect

Customers are looking for ways to improve their bottom line. Together we can provide them with *proven, unique* and *cost effective* energy conservation and creation solutions. Demand for energy efficiency products and services has never been higher. Sky rocketing energy prices means BIG savings for our mutual customers. We will provide everything you need to start or expand your business including product demonstration units and cases, brochures, customizable sales materials, promotional CD ROMs, merchandising materials, computer presentation software and comprehensive training for you and your team.

It may be you have an existing business with complimentary products and services. Or you may be starting an entirely new venture. In either case, we will provide you with a growing collection of leading edge energy saving products with strong customer appeal. You can count on us to help you expand and grow your business with ongoing support, marketing assistance, sales support, expert product knowledge and much more.

Primary markets served include:

- Super Markets, Groceries and Convenience Stores
- Warehouse and Distribution
- Municipalities
- Large commercial and retail buildings
- Street and parking lot lighting
